Procedures

Personal Mobile Phones

- Personal mobile phones belonging to members of staff are not used for any personal matters on the premises during working hours, except on their breaks.
- In the event of an emergency, personal mobile phones may be used with permission from the manager.
- Members of staff ensure that the telephone number of the school is known to immediate family and other people who need to contact them in an emergency.
- Members of staff can use their personal mobile phones for taking photographs of the children, yet are not allowed to use or share these photographs with anyone but the school.
- Where photographs are taken on the staff's personal phone, these photos are deleted from their phones within 48 hours or as soon as they have been shared with the school.
- Parents and visitors must not to use their mobile phones whilst on the premises unless it is an emergency. Visitors will be advised of a quiet space where they can use their mobile phone, where there are no children present.

Cameras and videos
