

“ **A**fter working here in Morocco for a year I must say I’m working at one of the best schools of the world. It’s my first international experience and I’m glad I opted for this and they selected me. The staff is very helpful and courteous. Other than rendering my services here I’ve learnt so much from this place. The whole community is amazing. Parents are also very cooperative. They trust us so we’re giving our best. Aicha, a very nice lady, is doing a great job! She has a listening ear, and always tries to comfort her employees. I must say Beautiful country, Beautiful people and Beautiful school. Long Live École Montessori Casablanca!!! ”
