CALIFORNIE CAMPUS

Arabic **BEGINNERS**

6-12 YEARS
with Miss FATIMA

Thursday 4:00 - 5:00 pm • Starting October 3rd

As a first introduction to Arabic, children will visually explore and practice writing the vocalizations (الحركات) and learn how to attach sounds from the right side, such as د. ذ. ز. و. ي. and ر. ا. و. They will then associate these sounds with simple words to develop their reading skills. This activity will help them become familiar with Arabic script, understand how different letters and sounds work together, and start reading basic Arabic words with confidence.

In terms of oral expression, children will learn pronouns, and simple sentences used in daily life, such as greetings, asking about someone, and making basic statements about themselves. They will practice using these phrases in conversations to improve their speaking skills and gain confidence in expressing themselves in Arabic. This activity aims to help them communicate effectively and comfortably in everyday situations.

Final presentation Term 1

Arabic **ADVANCED**

6-12 YEARS
with Miss FATIMA

Thursday 4:00 - 5:00 pm • Starting October 3rd

Children will have the opportunity to improve their reading skills by engaging with narrative texts. They will learn how to properly observe and respect punctuation, which will help them read more fluently and with better expression. Additionally, the activity will focus on developing their comprehension skills, ensuring they not only read the words but also understand the story and its meaning.

Children will read various texts and write simple summaries for each one. They will focus on understanding the main ideas of the text and expressing them in their own words. While writing the summaries, children will also practice proper handwriting rules, such as using correct letter formation, spacing between words and punctuation. This exercise helps improve their reading comprehension and writing skills in a structured and thoughtful way.

Final presentation Term 1

The children will read a narrative text aloud, paying close attention to diacritical marks, tanween, and punctuation.
