

“I'm very glad and grateful that my practical Montessori experience is taking place at strong and beautiful Ecole Montessori Casablanca.

I highly appreciate the communication between guides, assistants, administration and other staff. I know that I can easily rely on any member of our community. Everyone is my friend and everyone irresistibly follows the Montessori principles. The school attentively takes care of its staff and I'm sure that any of my needs will always be successfully satisfied. The administration often organizes staff events which help us share memories.
